

# WHERE BOWLING BEGINS

ELEVATING PLAY THROUGH ICONIC BALL DELIVERY

*inVue*

## THE INVUE SURFACE BALL RETURN

The inVue Surface Ball Return transforms ball delivery into part of the bowling experience. Its retro-modern design, captivating ball motion, and intelligent engineering create a memorable centerpiece that delights guests while delivering unmatched simplicity and reliability for operators.  
It's where every game begins.

## Elevated Bowling Experience

inVue redefines the surface ball return, transforming what was once purely functional equipment into a design centerpiece that elevates the entire bowling experience.

## Effortless Operation. Reliable Performance.

Smart electromechanical design and seamless integration with the EDGE String pinspotter make inVue one of the simplest and most dependable ball return systems to own and operate.

### Iconic Centerpiece Design

Blends timeless style with contemporary appeal, becoming a visual focal point that elevates the space.

### Smart Alerts

Integrated lights and sounds notify staff and bowlers when attention is required.

### Lane Machine Friendly

Designed so most lane machines can pass under the rack, simplifying lane conditioning.

### Atmospheric LED Lighting

Enhances the ambiance of the center while adding excitement and visual energy to the bowling environment.

### 10-Ball Storage Capacity

Ideal on-lane ball storage for recreational centers and VIP areas.

### Gentle Ball Dispensing

A mechanically actuated arm returns balls from 6-16 lbs slowly and consistently, with no adjustments required.

### Streamlined Mechanics

Minimal moving parts and a simple design mean fewer service points and dependable performance.

### Protective Architecture

A clear protective canopy shields moving parts from bowler access while preserving the classic open look.

### Dynamic Visual Experience

Balls returning across the lane add excitement, engagement and a heightened sense of energy.

### Intelligent Pinspotter Integration

Works seamlessly with the EDGE String pinspotter to manage ball delivery intervals and prevent rack overload.

# With inVue, the perfect game starts at the ball return.
